TERMINAL OPERATIONS

Customer Advisory: Utilization of all truck gates at Everport Terminal Oakland (1st/2nd shift reservations)

June 18, 2026

Dear Valued Evergreen Customer,

Based on our current vessel schedule, six vessels are expected to arrive at Everport Terminal in Oakland between **June 20, 2026 and June 30, 2026**.

To help manage the anticipated increase in cargo volume and minimize terminal congestion, customers are **strongly encouraged to utilize both the 1st and 2nd shift appointment windows** for cargo pickup and delivery whenever possible. Relying solely on daytime appointments may result in increased demand for limited appointment availability and longer wait times.

The **2nd shift provides valuable additional gate capacity**, and customers are encouraged to take full advantage of these appointment opportunities to help ensure the timely movement of cargo and avoid potential storage charges, last free day issues, or cargo cut-off concerns.

Please note the current operating schedule for Everport Terminal in Oakland:

	Monday	Tuesday	Wednesday	Thursday	Friday
1st Shift	0700 - 1600	0700 - 1600	0700 - 1600	0700 - 1600	0700 - 1600
2nd Shift	1800 - 0215	1800 - 0215	1800 - 0215	1800 - 0215	Closed

If you have any questions, please contact your Evergreen Sales Representative. A comprehensive contact list can be found by visiting <https://www.evergreen-shipping.us/egsweb/jsp/officelist.jsp>

Thank you for your business and continued support.
