Dear Valued Evergreen Customer,

Based on the current vessel schedule and the anticipated volume of import containers expected to discharge over the coming week, Evergreen is encouraging all customers to arrange for pickup of their import containers as soon as they become available.

Prompt container pickup will help minimize terminal congestion and support continued fluidity of operations.

We also strongly encourage customers to take advantage of the scheduled **night gates throughout next week**, where available.

Our operating schedule for the next week and a half is as follows:
