

EVERGREEN LINE

SPECIAL ANNOUNCEMENT

EVER FORWARD AGROUND AT PORT OF BALTIMORE STATUS UPDATE #7 – MARCH 31, 2022

March 31, 2022

Dear Valued Evergreen Customer,

Subsequent to the completion of the initial dredging phase, attempts to refloat the Ever Forward were made on both March 29 and 30. Unfortunately, both attempts proved to be unsuccessful.

All indications are that the vessel remains safe and has sustained no damage. Additional dredging has commenced and will continue under the guidance of the competent authorities. The next attempt to refloat the vessel will be scheduled based on the progress of these efforts and that guidance. We will continue to provide updates as this effort continues.

As the complexity of further rescue operations will require more manpower, equipment and costs to refloat the stranded vessel as soon as possible, Evergreen has now declared General Average. Details may be found at this link [Evergreen Line G.A. Announcement](#)

Please contact your Evergreen Sales Representative or Customer Service Team with any questions you may have. A comprehensive contact list can be found by visiting below url:
